Habitat for Humanity Prince Edward Hastings has been building safe, decent and affordable homes for local families since 1995. We partner with families, giving them a hand up, not a hand out. Amazing things happen to people when they have a home. They become healthier, happier and better equipped to face life's challenges and seize it's opportunities.

Habitat for Humanity, by helping people achieve the dream of home ownership, does more than just provide them with a fixed address. We give them a voice, a sense of stability, and a critical hand up in their effort to break the vicious cycle of poverty that may be holding them back.

**Building homes. Building hope.**
